

In order to provide effective tenant participation and consultations with our residents, MTHA has a commitment to the establishment and ongoing progress of local tenant and resident groups. These groups provide residents with representation to voice views and opinions regarding the service that is provided by MTHA and additionally acts as a community outlet in which specific improvements and activities may be further developed.

Tenant & Resident groups provide a wonderful opportunity for you to become involved in the work throughout the local community. The groups are often great meeting places, and provide social activities as well as give an opportunity to influence housing management.

The following Tenant & Resident groups are established within the Merthyr Tydfil area:

Dowlais Residents Group
